Porto Sant'Elpidio (FM) - Marche (Italy)

Survey on
THE CONSUMPTION OF ENERGY AT OUR HOMES AND SCHOOLS

Our school

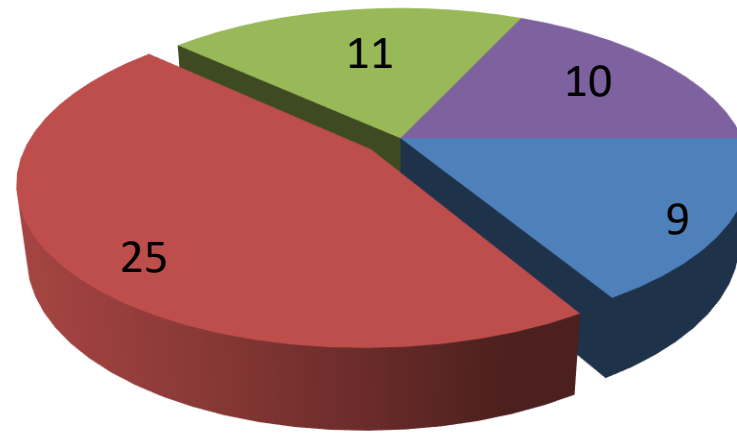

18 classes belonging to the Scientific High school,

19 of the Hotel and Catering school

8 of the Accounting school

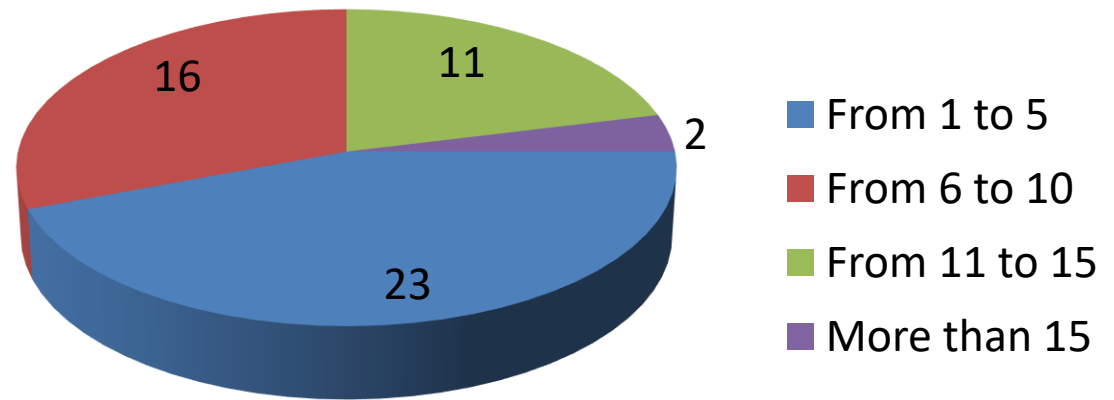

How many ceiling and wall lights do you have at home?

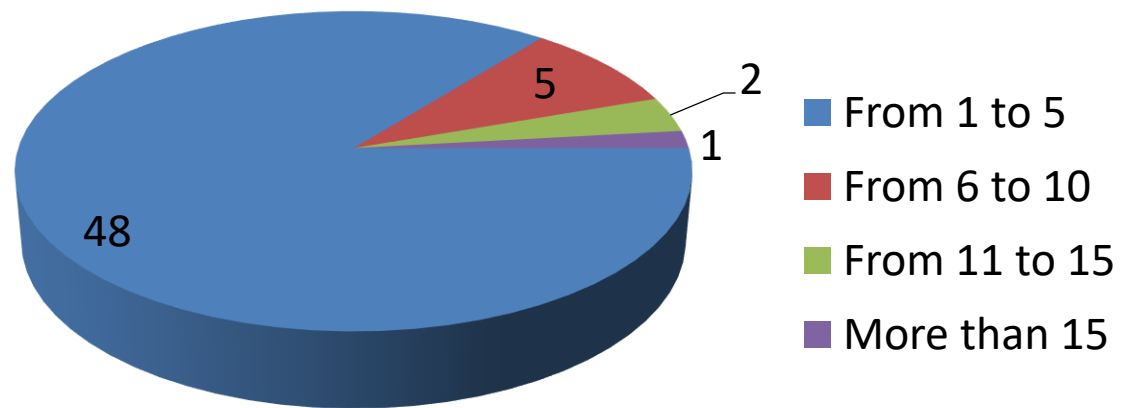

- From 1 to 5
- From 6 to 10
- From 11 to 15
- More than 15

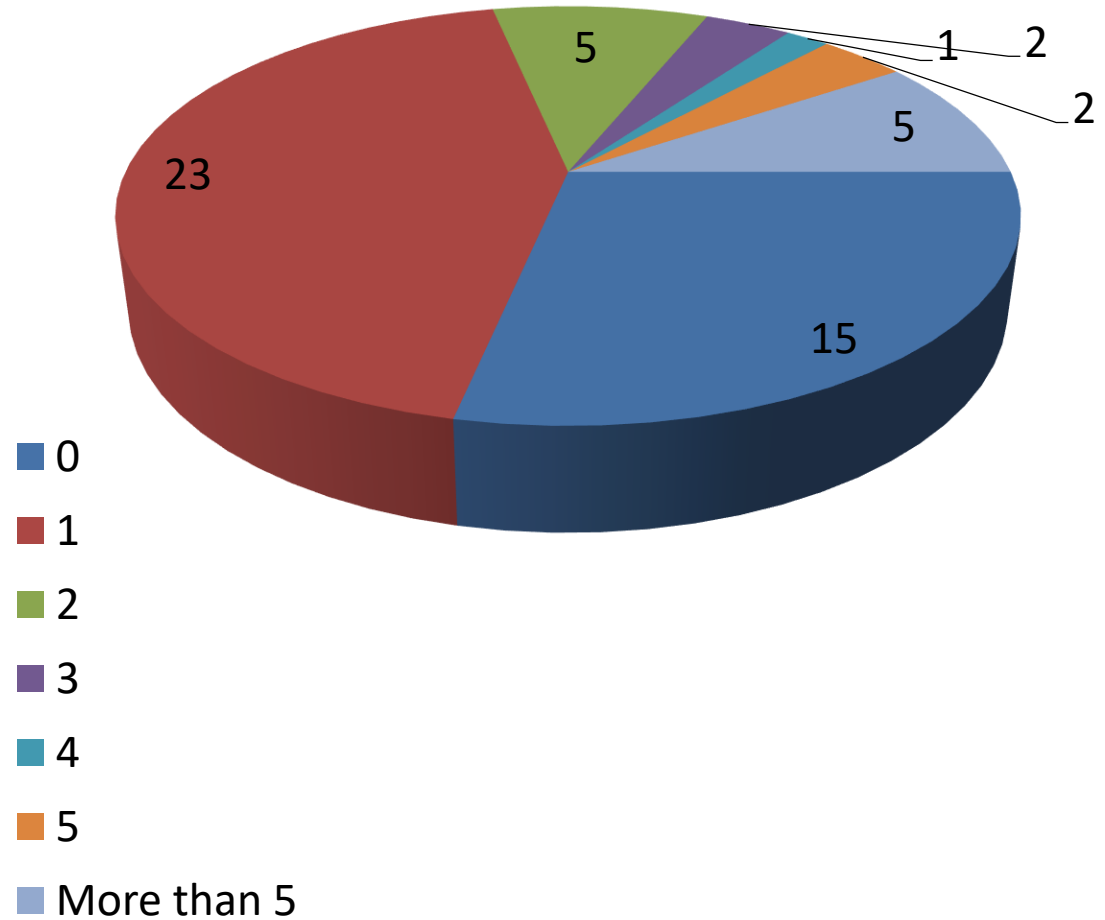

How many energy saving light bulbs do you have at home?

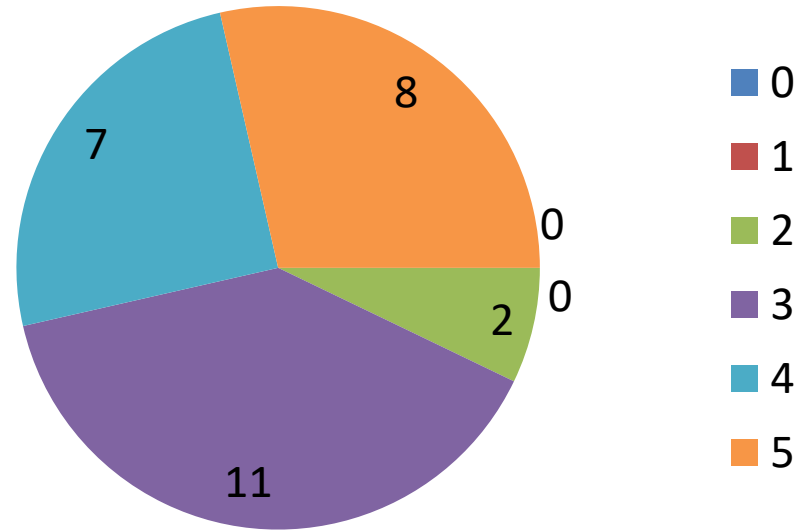

How many of them are used for portable lamps?

How many wall sockets are used for heating devices in your home?

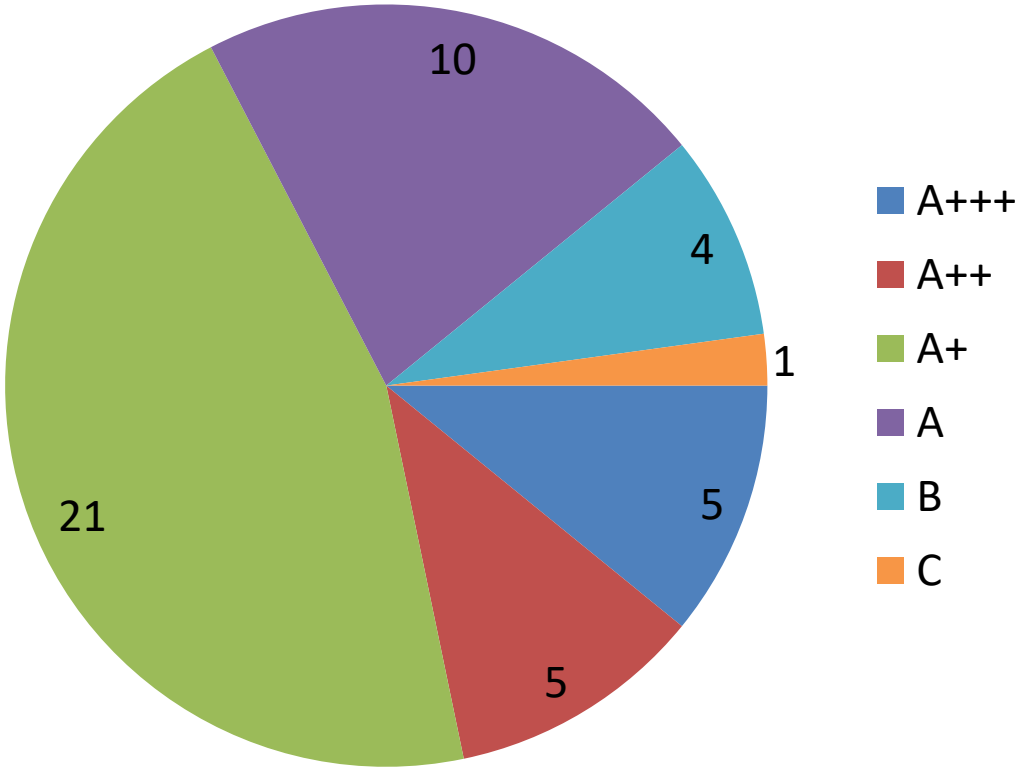

How many wall sockets are used for multimedia devices in your home?

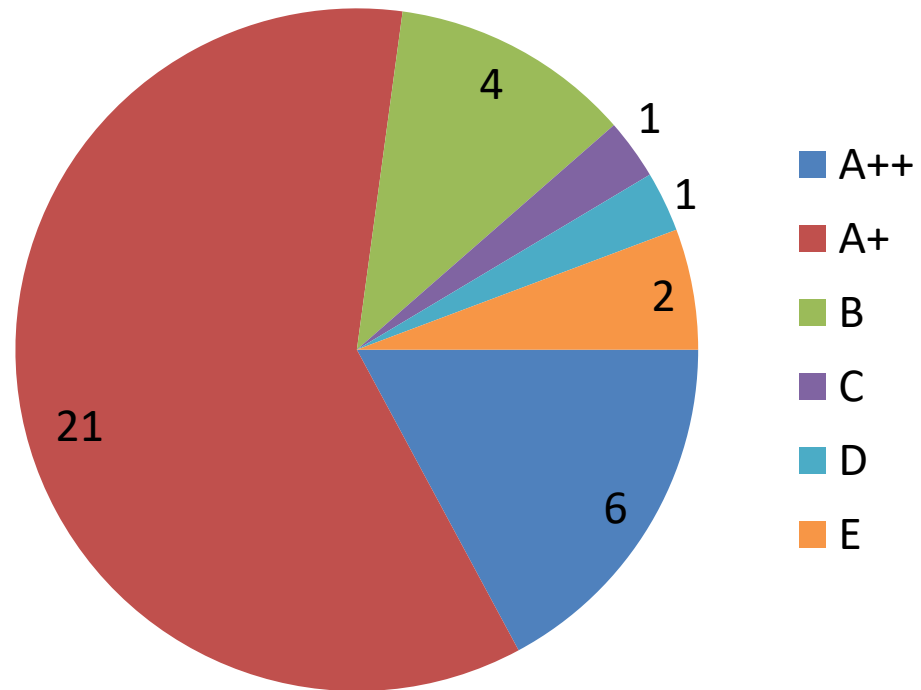

Which is the energy efficiency of you fridge

A+++

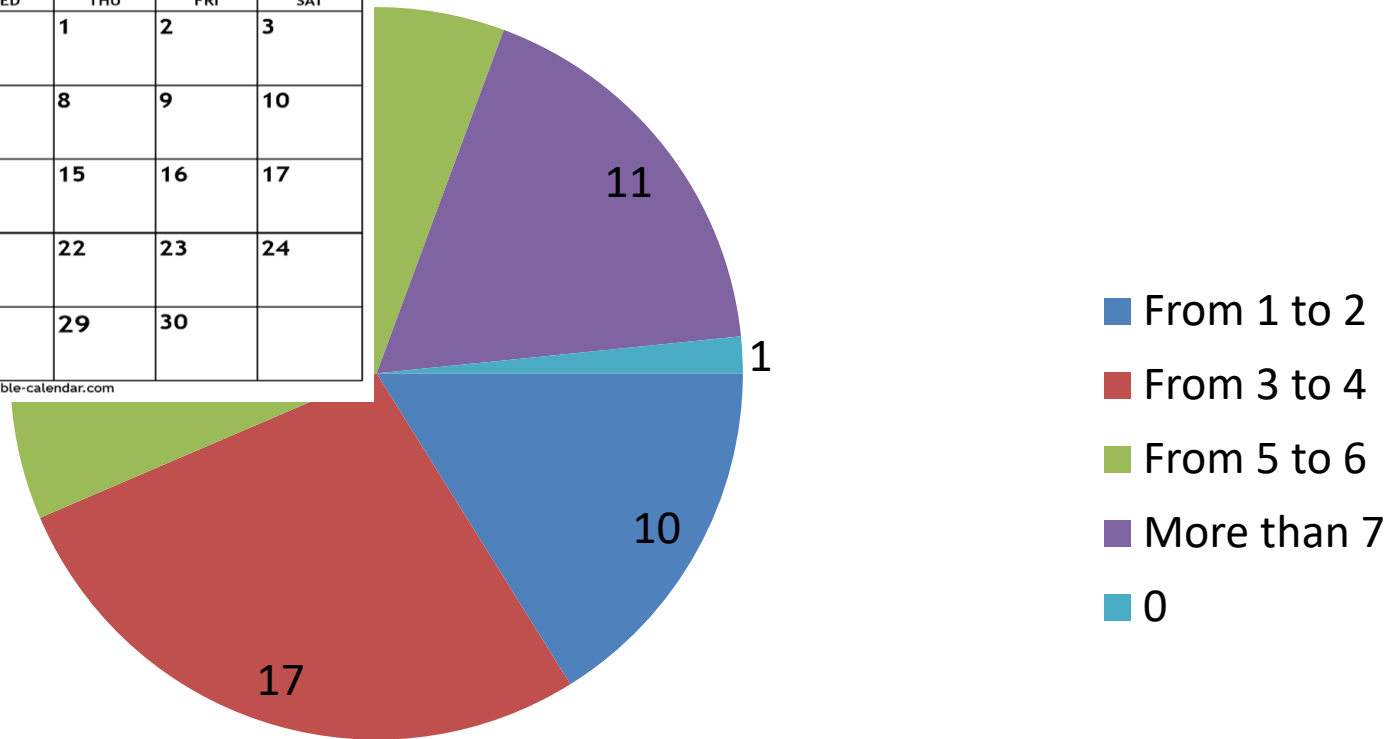

Which is the energy efficiency of your dishwasher?

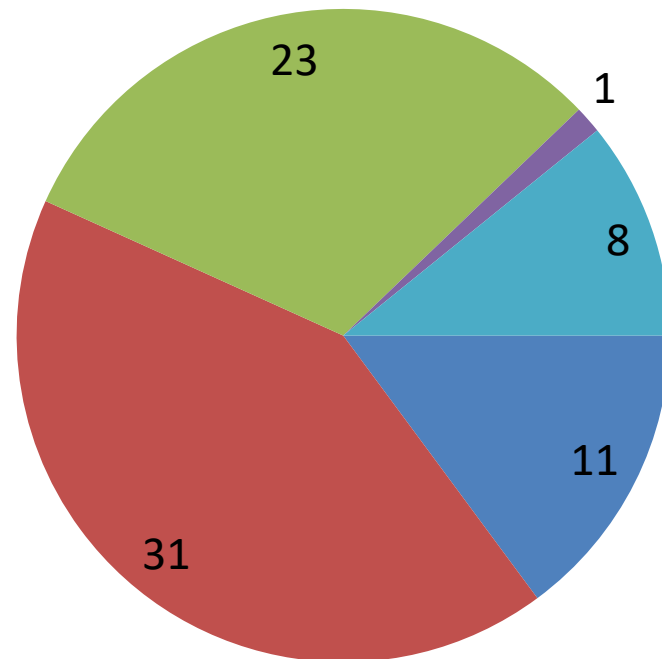

How often do you use your washing machine per week?

How often do you use the electrical oven per week?

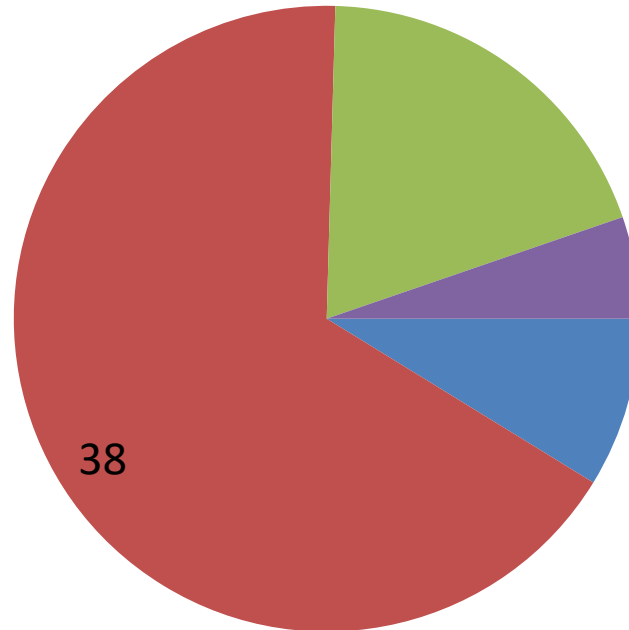

- From 1 to 2
- From 3 to 4
- From 5 to 6
- More than 7
- 0

What type of stove do you have?

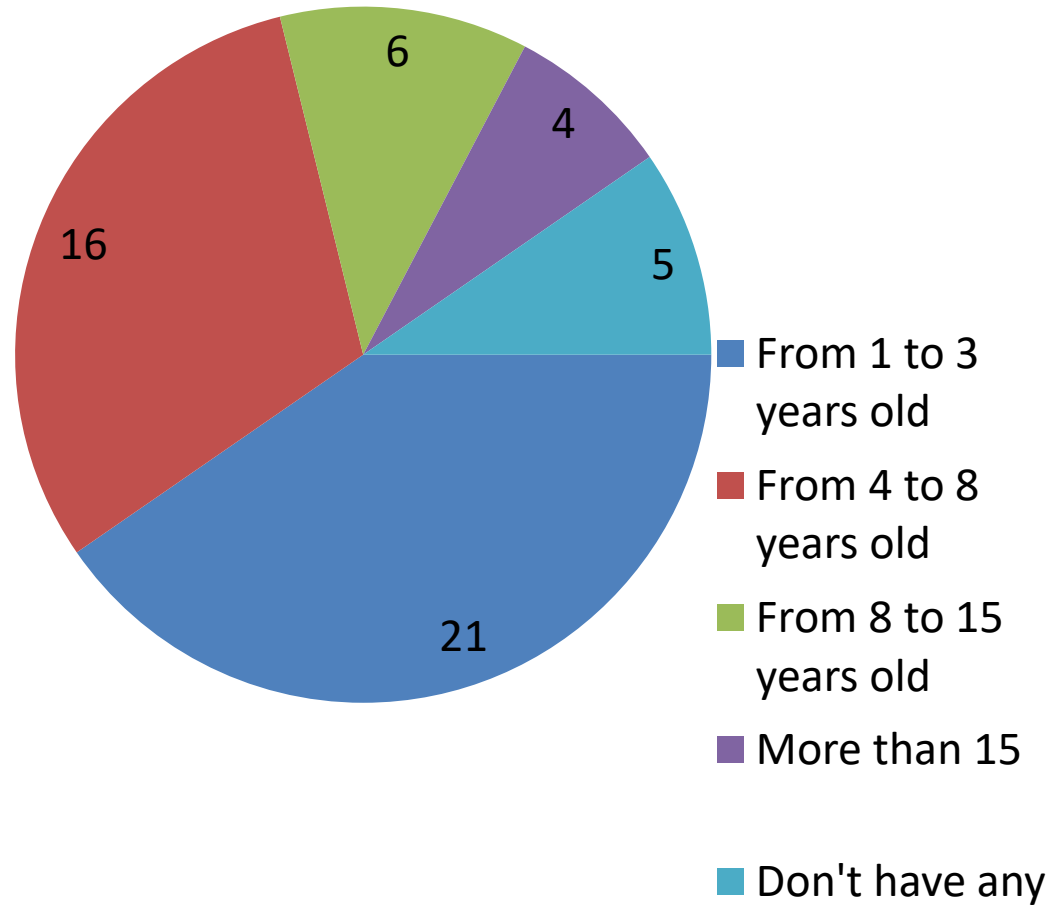

- I don't have any
- Gas
- Electrical
- Biomass

What type of hot water heater do you have?

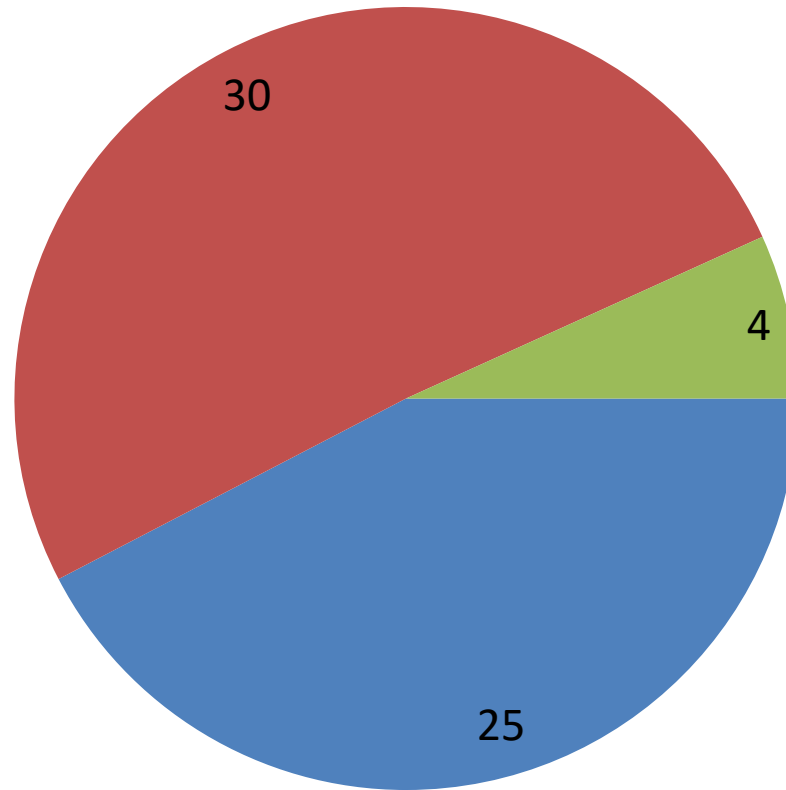

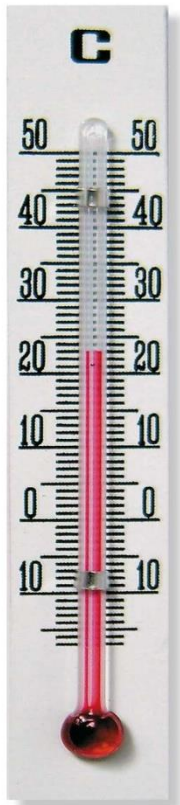

- I don't have any
- Gas
- Electrical
- Others

How old is your hot water boiler ?

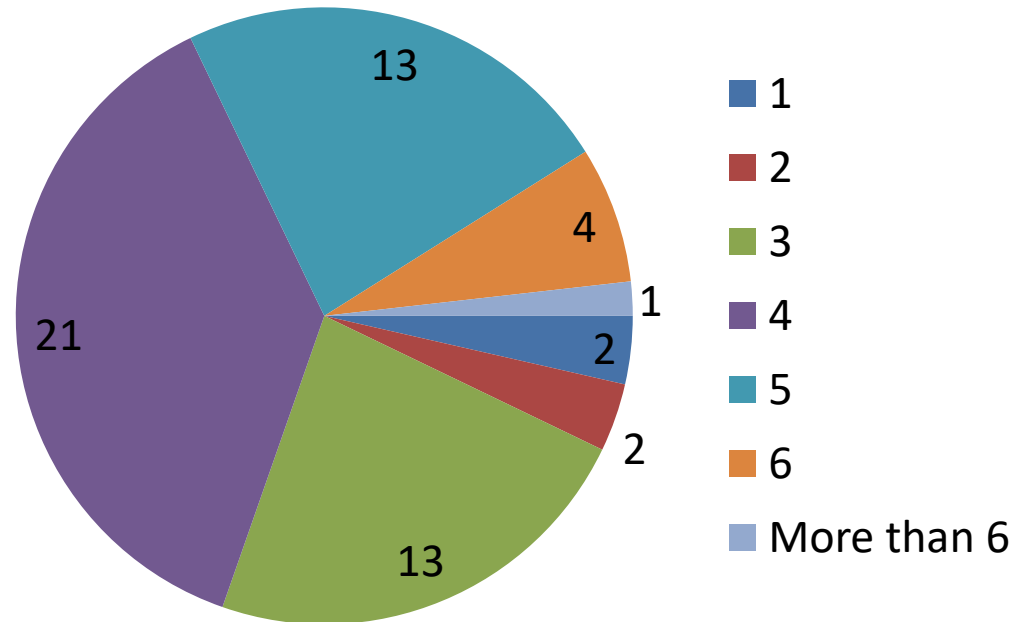

Which is the temperature of your heating in winter?

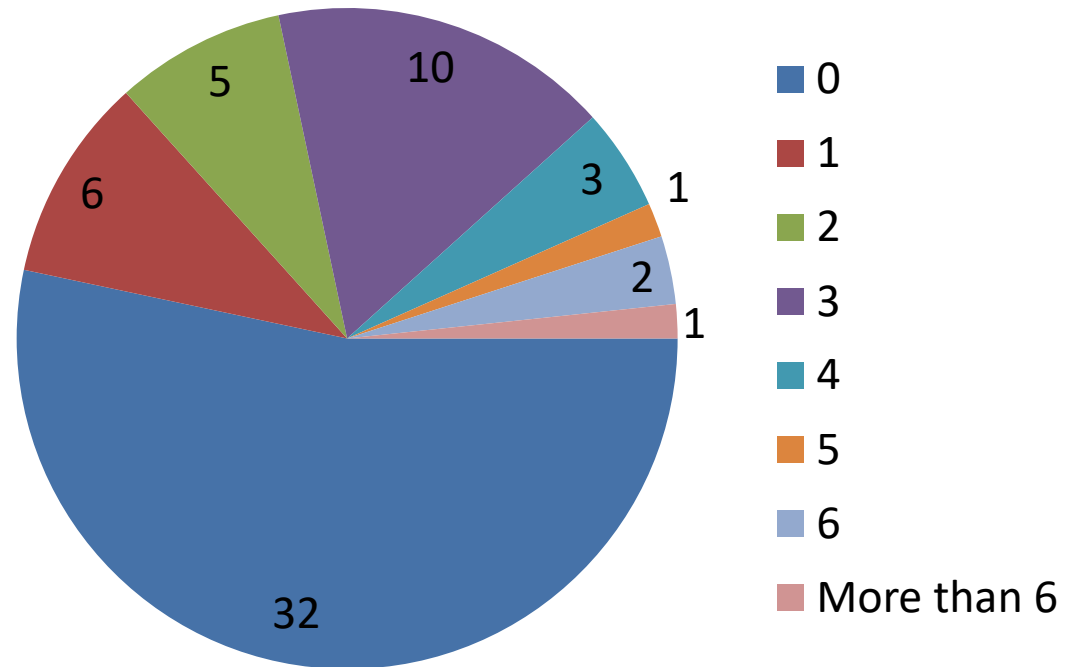

- From 15 to 20 degrees
- From 20 to 25 degrees
- More than 25 degrees

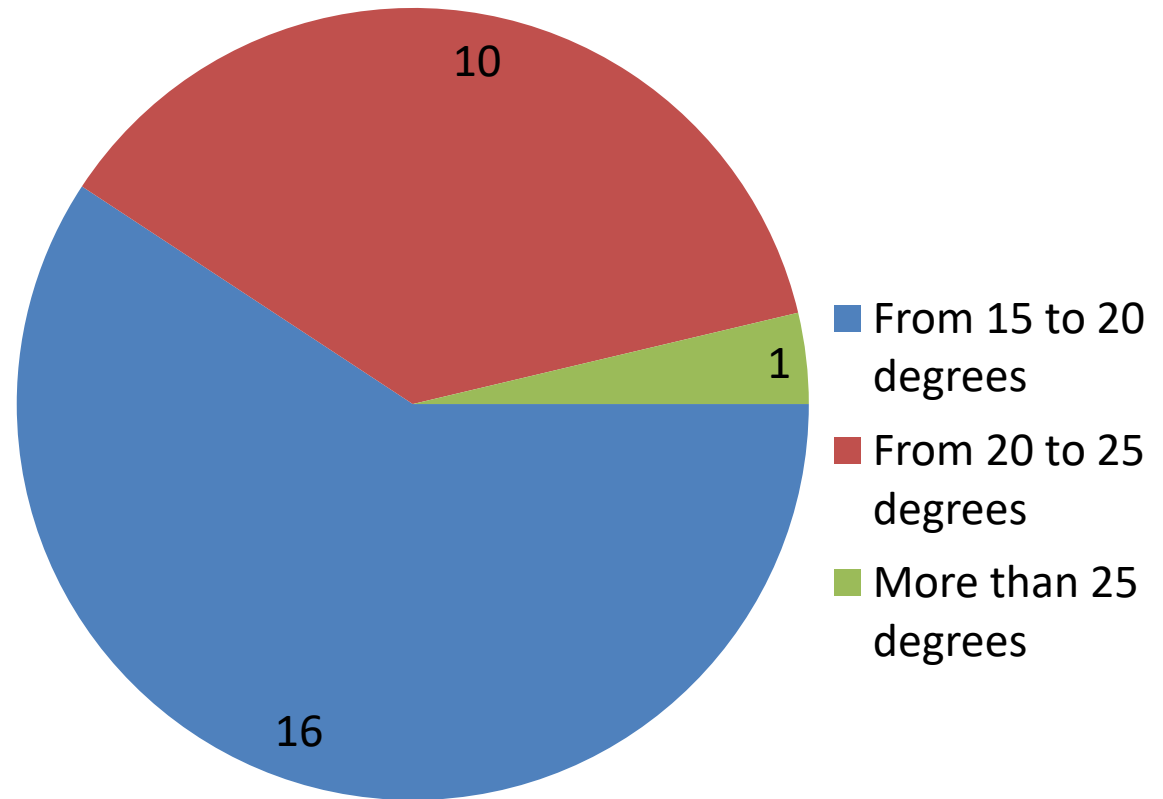

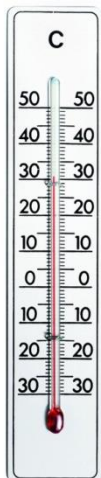

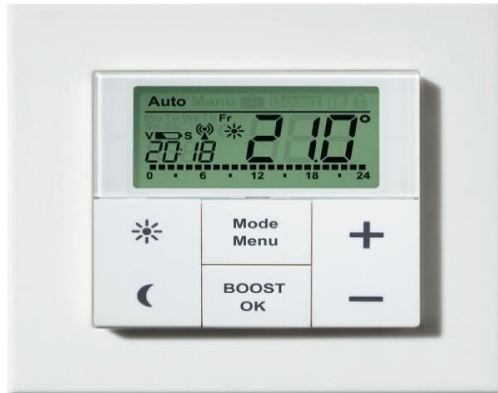

How many months a year do you have the heating on?

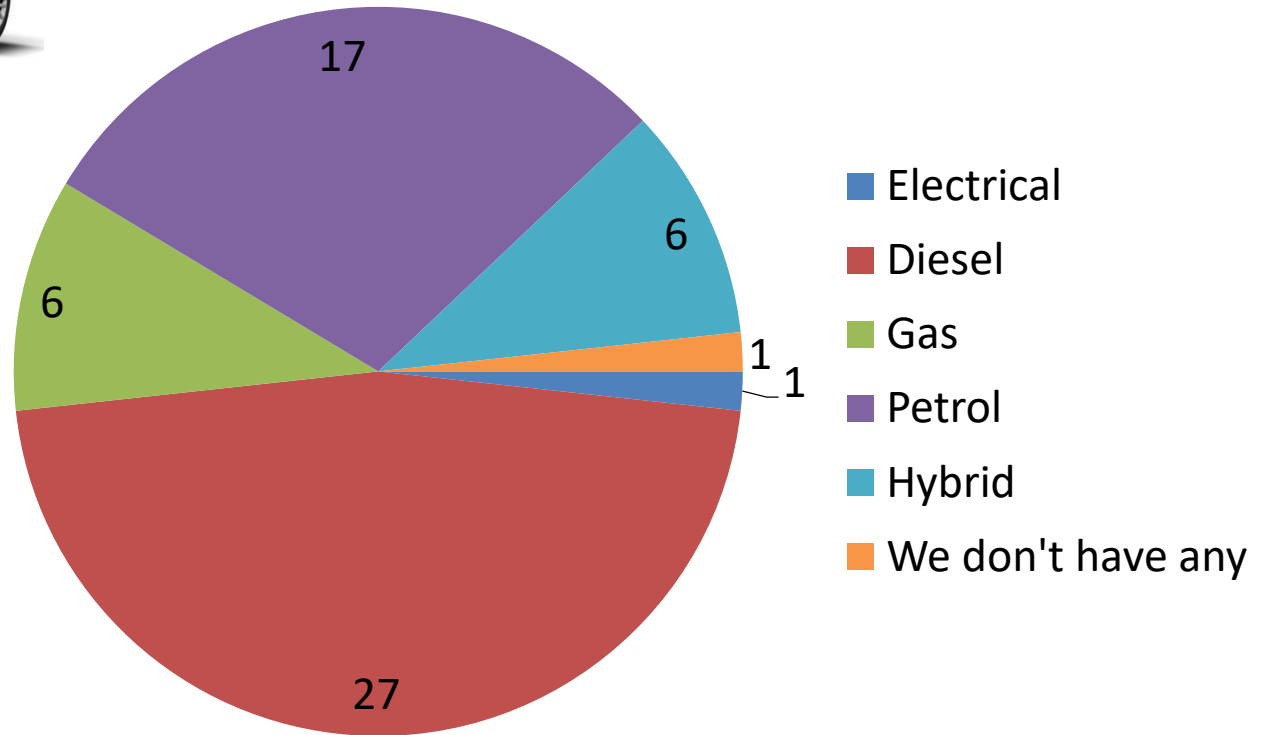

How many months a year do you have the air conditioning on?

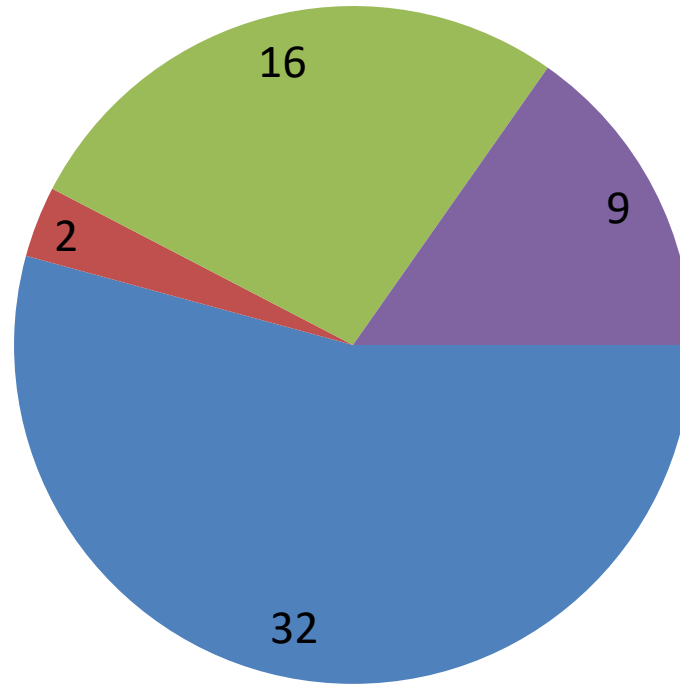

Which is the temperature of your air conditioning?

What type of car do you have?

How do you usually go to school or work?

- By car
- By bicycle
- By public transport
- I walk

Thanks for your attention

Students:

Aurora Capponi

Martina Mori

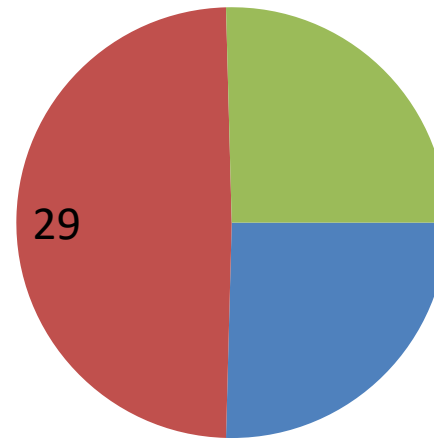

Nadia Piedimonte

Livia Xhafa

Teachers:

Andrea Serafini & Pierluigi Stroppa

How often do you use public transport?

- Never
- Sometimes
- Daily

Conclusions

Italian families strenght

The energy efficiency of our fridges, dishwasher and water boiler is quite high (more than A)

The majority of us doesn't have the dish water

We don't use many wall sockets at home

Italian families weakness

We should use more saving light bulbs

We should use less the washing machine and the elctrical oven

We should use less the air conditioner and at higher temperature then now

Our families should have less cars and using those with gas

We should use more the public transport (but it should improve too)

We should walk more to get to the school: we'll try realizing the “pedibus project”
